## **Independent Auditors' Report on Special Purpose Project Financial Statements**

To the management of Transport Reform and Rehabilitation Center

### ***Opinion***

We have audited the special purpose project financial statements of the East-West Highway Corridor Improvement Project (the "Project"), financed under the International Bank for Reconstruction and Development (the "IBRD"), Loan Agreement No. 8599-GE, dated 28 March 2016, implemented by the Transport Reform and Rehabilitation Center (the "Center"), which comprise the Statement of Balance Sheet as at 31 December 2019 and the Statements of Sources and Uses of Funds, Expenditure Withdrawal Schedule ("SOEs") and Designated Account for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information. The special purpose project financial statements have been prepared by management in accordance with the International Public Sector Accounting Standard: Financial Reporting Under the Cash Basis of Accounting and in conformity with the World Bank's Financial Management Sector Board's "Guidelines: Annual Financial Reporting and Auditing for World Bank-Financed Activities" (the "World Bank Guidelines") as described in Note 2 to the special purpose project financial statements.

In our opinion, the accompanying special purpose project financial statements present fairly, in all material respects, the financial position of the Project as at 31 December 2019, and its sources and uses of funds for the year then ended in accordance with the International Public Sector Accounting Standard: Financial Reporting Under the Cash Basis of Accounting and the World Bank Guidelines.

### ***Basis for Opinion***

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Special Purpose Project Financial Statements* section of our report. We are independent of the Center in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* (IESBA Code), together with the ethical requirements that are relevant to our audit for the special purpose project financial statements in Georgia and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### ***Other Matter***

Data included on pages 4 to 14 of the accompanying special purpose project financial statements that are marked as "*Unaudited*" have not been audited.

### ***Emphasis of Matter - Basis of Accounting and Restriction on Use***

We draw attention to Note 2 to the special purpose project financial statements, which describes the basis of accounting. The special purpose project financial statements are prepared to assist the Center to comply with the requirements of IBRD and for providing information to the Government of Georgia and IBRD to assist them in evaluating the Project implementation. As a result, the special purpose project financial statements may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

### ***Responsibilities of Management and Those Charged with Governance for the***

KPMG Georgia LLC, a company incorporated under the Laws of Georgia, a member firm of the KPMG network of independent member firms affiliated with KPMG International Cooperative ("KPMG International"), a Swiss entity.

### **Responsibilities of Management and Those Charged with Governance for the Special Purpose Project Financial Statements**

Management is responsible for the preparation and fair presentation of these special purpose project financial statements in accordance with the International Public Sector Accounting Standard: Financial Reporting Under the Cash Basis of Accounting and the World Bank Guidelines, for determining the acceptability of the basis of accounting and for such internal control as management determines is necessary to enable the preparation of special purpose project financial statements that are free from material misstatement, whether due to fraud or error.

Those charged with governance are responsible for overseeing the Center's financial reporting process.

### **Auditors' Responsibilities for the Audit of the Special Purpose Project Financial Statements**

Our objectives are to obtain reasonable assurance about whether the special purpose project financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these special purpose project financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the special purpose project financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Center's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Evaluate the overall presentation, structure and content of the special purpose project financial statements, including the disclosures, and whether the special purpose project financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
